Kebo sanitary wares, makes your life  
better

zhejiang kebo Sanitary Wares Co., Ltd. is mainly engaged in manufacturing faucets, mixers and other sanitary appliances. With more than ten years' development, we have accumulated abundant experience of specialized production; and introduced modern technical equipment, advanced technologies, accurate testing methods, a complete management system and a excellent after-sale service system. Due to high quality and professional services, we enjoy an excellent reputation among our customers both at home and abroad. Our products are designed in accordance with the demands of international markets. The style of our Moka series of products is suitable for all kinds of household and commercial applications. Besides, we have obtained ISO9001 certificate.

Currently, we not only set up a complete sale and service network in China, but also export our products to the Middle East, Southeast Asia, Europe, South America and North America. With a strict production system, we are trusted by our customers worldwide for high quality products, fine package, best attitude and ready services.

Adhering to the company spirit of "solidarity, diligence, high efficiency and innovation" and the aim of "care for people, achievement with quality", we are making contribution to improve people's living standard. We look forward to doing business with companies all over the world in the future. If you are interested in any of our products, please feel free to contact us for more information.

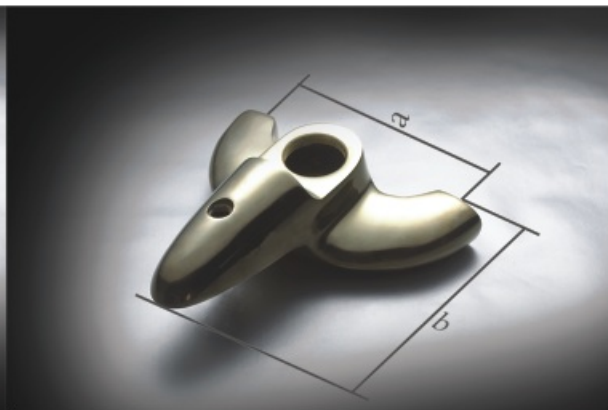

浙江科博洁具有限公司，是国内较早生产洁具的企业之一。本公司拥有雄厚的技术力量，精良的加工设备，先进的生产工艺与高精度的测试手段，且我们在不断地开发与设计各种高科技的卫生洁具系列产品。

在激烈的市场竞争中，浙江科博以优质的产品质量和完善的售后服务，得到了客户的认可。本公司已通过ISO9001质量体系认证，且有自营出口权。现产品已远销中东、东南亚、欧洲、南美、北美等各个国家与地区；在国内已遍布各省大中城市、自治区，并建立了比较完善的营销和售后网络。

产品品质已得到国内外客户的一致认可与赞同。本公司采用一流的先进科技，在高品质的生产管理体系下，确保上乘的产品质量，并以精致的包装及优质的服务态度，赢得了全世界各地区用户的青睐与信赖。我们本着“以人为本、以质取胜”的宗旨，在新的世纪里，不断的挑战自我，共同为改善人们的居住水平做出贡献，为大众创造出更加精彩的生活。

## ● DESIGNING

The designer infuses new life into these traditional products, making every single part of them artistically unique.

## ● MOULD-MAKING

Based on the innovative design, using computer simulation, and then mould machines for technical testing, our engineers develop a great variety of moulds.

## ● CASTING

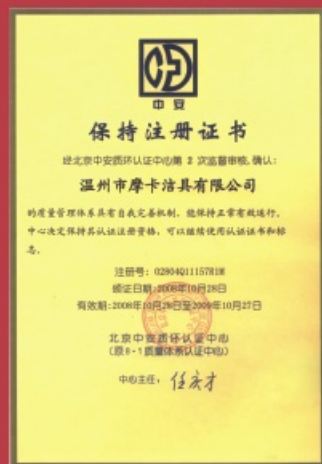

We use the most suitable brass material of highest possible quality, and also adopt the latest Gravity Die Casting and LPPM (Low-Pressure Permanent Mold) techniques, to make the product surface smooth and defect-free.

## ● MACHINING AND POLISHING

By using the highest machining accuracy of the CNC machine, and by sourcing only the most fitting accessories, the service life of our products is extended by a large margin. The automatic polishing machine ensures the perfectness of the product surface, making every single line and curve of the product expressive of the designer's ideal.

## ● PLATING AND ASSEMBLING

All products are chrome-plated and must pass a 120-hour acid-resistance sampling test, to ensure that the surface coating will neither tarnish nor peel off for up to five years of service. What's more, the high-quality imported accessories must also undergo a high-pressure test, presenting a further guarantee of final products' quality. Every part, even the smallest one, its user-friendliness and durability will still be always kept in mind by the engineer.

## Stressing craftwork and texture

In many styles, the style of nature is the easiest to be known. It makes people have such a feeling that is dedicated to the nature, which can make up the noisy life status in city life. We know that it is a very exciting thing to create a home that can show own passion and interests. Let's live in such an environment that has the completely acceptable appearance and function.
